Cap	\$27.5000
Floor	\$24.5000

This is not an offer sheet as prices fluctuate throughout the day.
 When calculating price indications for certain strategies, some quotes are estimated because a particular option or future might be offered but has never traded.
 The information above is not to be construed as an offer to sell or a solicitation to buy the commodities herein named. The factual information of this report has been obtained from sources believed to be reliable, but is not necessarily all-inclusive and is not guaranteed as to its accuracy. The risk of loss trading futures can be substantial. You should refrain from entering into transactions in futures or option contracts unless you fully understand the terms and risks of the transactions, including the extent of your potential risk of loss, which can be equal to, or in certain instances greater than, the full amount of your initial investment.
